

Afrikan Wear Design 2020 Catalogue

About us

Afrikan Wear Design is a social enterprise based in Arusha, Northern Tanzania. Since 2009, we make handmade souvenirs, clothes and jewelry that are associated with African cultures and fashion.

The business was founded in 2009 by Marilyn Hokororo, at the time a housewife in a quest to improve her income and also uplift other women's income in the community. Since its creation, Afrikan Wear Design has been able to support over 500 women and young girls that dropped out of school, for reasons such as pregnancies and female oppression. These women have been trained on art-craft skills to make handmade souvenirs and given basic entrepreneurship skills over the past 10 years.

By working with government and non-government organizations, we aim to continuously improve both qualities of production and entrepreneurship skills among women, in order for them to become economically independent in a community where they are commonly oppressed.
